### HELPFUL HINTS: TRANSBOT

#### Secret Command:

When the "Sage Master System" logo appears, push button 10 and keep it depressed for ten to twenty seconds during the Player one/Player two screen. You will prompt a screen that shows the secret command. Use the control pad to choose one of the following:

1. Ten mah
2. Prevents loss of arm
3. Prevents loss of power
4. Stops blinking of weapon select

To exit, go to control pad #2 and push button #1. This sequence will work for two players as well.

#### To Go Underground:

Destroy the Arm Carrier and capture the Arm Capsule (Bubble with "P")

This will cause the seven alphabetical letters appearing on the upper half of the screen to flash in a sequential order. Be sure to select the letter "D". This will enable you to go underground. To select a letter, when the letters are flashing in sequential order, press button #1 on the control pad when "D" appears. When Silver Eyes towards you (looks like a blue diamond) destroy them and this will enable you to go underground.

## TransBot™

You are the co-pilot  
TRANSBOT pilot who  
survived a recent DALAI 5  
mission. Your mission?  
To battle your way  
to the notorious DALAI 5  
artificial intelligence computer.

Fortunately, your own plane can go through  
4 different missile missions. So you should be  
able to penetrate the fortress of DALAI 5. And not  
the grasp of her evil influence forever.
